Assignment 0905

We're just starting out, so this is mostly reading.

Not for Submission

1. Read Chapter 1 in Shneiderman/Plaisant.
2. Read Chapter 2 in Nielsen.
3. Read Chapter 1 in Norman.
4. If you haven't done so already, acquire a Keck lab user account.
5. Acquaint yourself with CVS. There are numerous resources on the Web for learning it; a starter link is available at the course Web site. Whatever learning you do this week will make things easier for you in the next assignment.
