

# **CMSI 270-01**

## **MODERN WEB APPS**

Fall 2011

### **Agenda 0906**

This is what I want to cover today. If I miss something, feel free to remind me. If I run out of time, I'll pick it up in the next class.

#### **Your First Web Page**

- A bare-bones example
- Elements, attributes, and tags
- Web pages are outlines or trees
- Creating a web page from scratch
- The *file://* URL
- Developer tools — in your browser, on your computer, on the web
- The ultimate authority — W3C specifications
- Web page validation

#### **Sample Files Galore**

- The sample code bazaar on GitHub
- A tour of different elements
- A taste of CSS and JavaScript

#### **Plugins (old business)**

(e.g., Flash, QuickTime, Google Voice and Video Plugin)
