

**CMSI 270-01**  
**MODERN WEB APPS**  
Fall 2011

**Agenda 1006**

Moving right along now...as usual, if I miss something, feel free to remind me. If I run out of time, I'll pick it up in the next class.

**User Interfaces, JavaScript, and jQuery**

- Building user interfaces with HTML
- The “controller language” of the Web: JavaScript
- “Don’t write [web] code without it:” jQuery

**Supporting Materials**

- Draft PDFs of a not-yet-published JavaScript programming textbook are available for this course on MyLMUConnect (a.k.a. Blackboard)
- More than ever now, you may need to do some experimental HTML, CSS, and JavaScript coding — meet *<http://jsfiddle.net>*
